Other important notes to consider

- Puppies and kittens may travel to Zimbabwe on their dam's Rabies vaccination up to the age 4 months old at time of departure. Their first Rabies vaccination may be administered at 12 weeks of age (3 months), followed by a booster vaccination 30 days later.
- For your pet's comfort during travel, we encourage you to include a favourite blanket, soft toy or old T-shirt with your scent which we will place in their travel container.
- Chemical and other strong sedatives are NOT ALLOWED.
- Mild herbal remedies such as Rescue, CalmEze, catnip spray or other valerian root extracts are permitted.

Please inform your Petwings consultant of any brachycephalic (snub nose) pets travelling as certain airline, routing and seasonal restrictions may apply.

If all of this sounds daunting, Petwings can do just about everything for you!
We've been transporting pets world-wide for years – here's what some of our many happy clients have to say about us: <https://keringa.co.za/references/>

NB: Due to the fact that airline and country protocols change often, we cannot be held responsible for errors, omissions, or alterations/changes. That said, Petwings pet travel agents keep up-to-date and are the best source of current rules and regulations – and they are friendly and helpful too!
